Professional Summary

I am a **Full-Stack Blockchain Developer** with extensive experience designing, developing, and deploying secure smart contracts, as well as building responsive, user-focused decentralized applications (dApps). Skilled in **Solidity, JavaScript/TypeScript, React/Next.js**, and modern Web3 tooling including **wagmi, viem, and ethers.js**, I have a proven track record of integrating Web3 wallets, on-chain payment systems, and delivering production-grade blockchain products. My work is guided by a passion for **Web3, DeFi, and fintech innovation**, combining technical expertise with a commitment to creating meaningful, secure user experiences.

Professional Experience

Blockchain Developer

Blockfuse Labs – Jos, Plateau State, Nigeria

Sep 2025 – Present

At Blockfuse Labs, I design, develop, and deploy **secure Solidity smart contracts** for real-world blockchain applications. I integrate **Web3 wallets** (MetaMask, WalletConnect) and on-chain payment systems into production dApps, collaborating closely with cross-functional teams including design, frontend, backend, and product management. My work emphasizes **gas optimization, security audits**, and delivering **scalable decentralized applications** to both mainnet and testnets.

Education

B.Sc. Computer Science

Abubakar Tafawa Balewa University (ATBU), Bauchi, Nigeria

 2019 – 2025 (Expected)

I built a strong foundation in programming, data structures, algorithms, and computer systems, applying academic knowledge to real-world blockchain and fintech development. Multiple projects using **JavaScript, Python**, and modern web technologies reinforced my practical experience in software and decentralized application development.

Technical Skills

- **Blockchain & Smart Contracts:** Solidity, Hardhat, Foundry, OpenZeppelin
- **Web3 Integration:** wagmi, viem, ethers.js, Web3.js, WalletConnect
- **Frontend Development:** React, Next.js, TypeScript, JavaScript, Tailwind CSS
- **Tools & Workflow:** Git & GitHub, VS Code, Vercel, Alchemy/Infura

Languages

- **English:** Native / Fluent
